Courses
- Computer Science & Engineering.

Class 10th
Central Board Of Secondary Education

06/2015 - 07/2016　　　　　　　　*9.8(CGPA.)*

PERSONAL PROJECTS

HR Management System (01/2023 - Present)
- The HR Management System is a comprehensive software solution that efficiently tracks and manages employee records, payroll, and leave within an organization. By implementing this system,organizations can streamline HR processes, reduce administrative burdens, and foster a collaborative environment between the company and its employees.
- It utilizes HTML, CSS, React, and React-Bootstrap for a user-friendly frontend, while node.js and express.js power the backend for seamless server-side operations. MongoDB is used as the database, ensuring secure storage and retrieval of employee data.

SKILLS

C(Programing Language)

C++(Programing Language)　Java　HTML

CSS　JAVASCRIPT　SAP ABAP　Git

react.js　TypeScript　Node.js

CERTIFICATES

Certificate of Partition (05/2022 - 06/2022)
Participated in the Master class of javascript bootcamp

INTERESTS

Coding　Listening music　Playing Carrom

Doing Shayri
